

top.TOPTWSolution.getDistance

```
graph LR; A[top.TOPTWSolution.getDistance] --> B[top.TOPTW.getDistance]; B --> B;
```

The diagram illustrates a transition between two methods. On the left, a gray rectangular box contains the text 'top.TOPTWSolution.getDistance'. A straight blue arrow points from the right side of this box to the left side of a white rectangular box on the right. This white box contains the text 'top.TOPTW.getDistance'. Above the white box, a curved blue arrow starts from its left side and points back to its right side, indicating a self-loop or a return path.
